Skip the hassle - we handle the grind!

Tap here to use this bot

Start

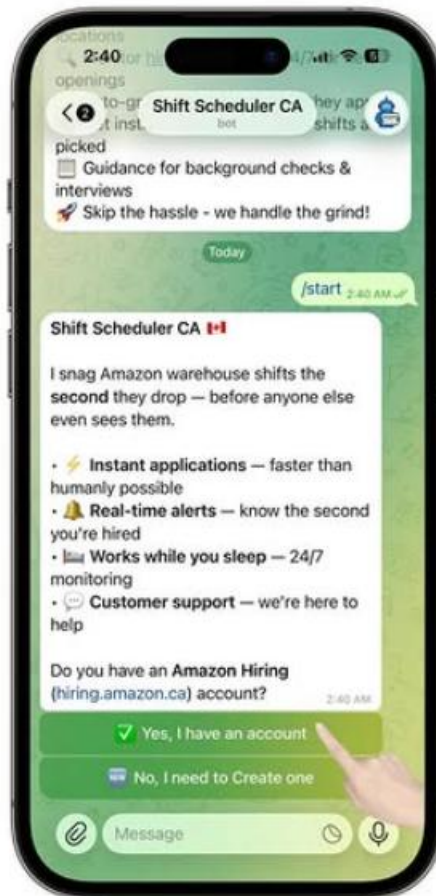

q w e r t y u i o p
a s d f g h j k l
z x c v b n m
123

START

Search ShiftSchedulerCA_bot on Telegram, or tap the link in my bio

2

INTRO

Select If you have an Amazon Hiring account,
or if you need to create a new one to continue

3

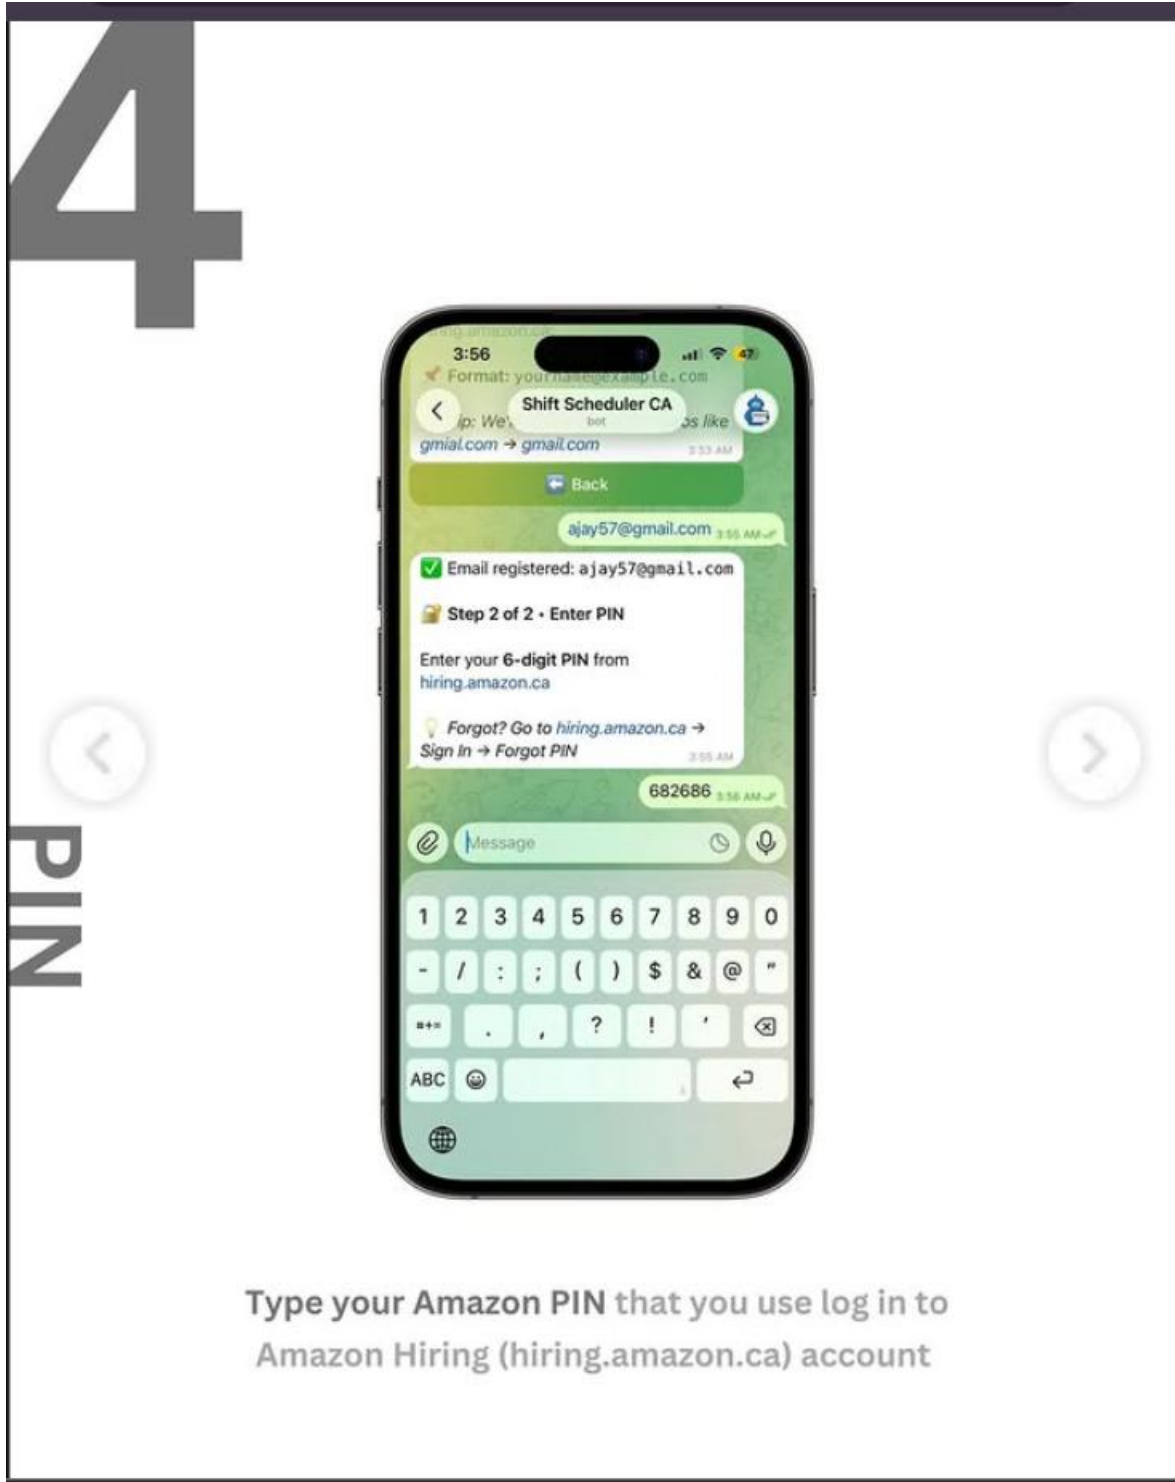

EMAIL

Type your Email address that is linked to your Amazon Hiring (hiring.amazon.ca) account

3)

4)

Type your Amazon PIN that you use log in to
Amazon Hiring (hiring.amazon.ca) account

5

PAY

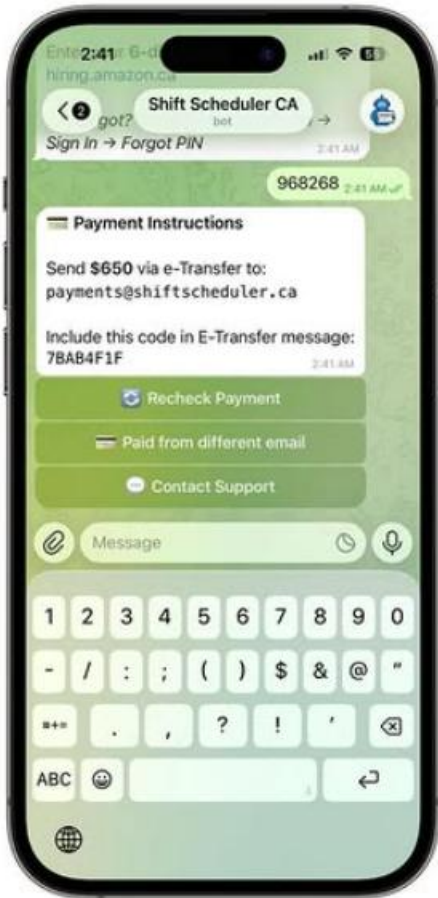

Tap Pay \$650 to activate your
bot and get 1-year access

6)

6

PAY

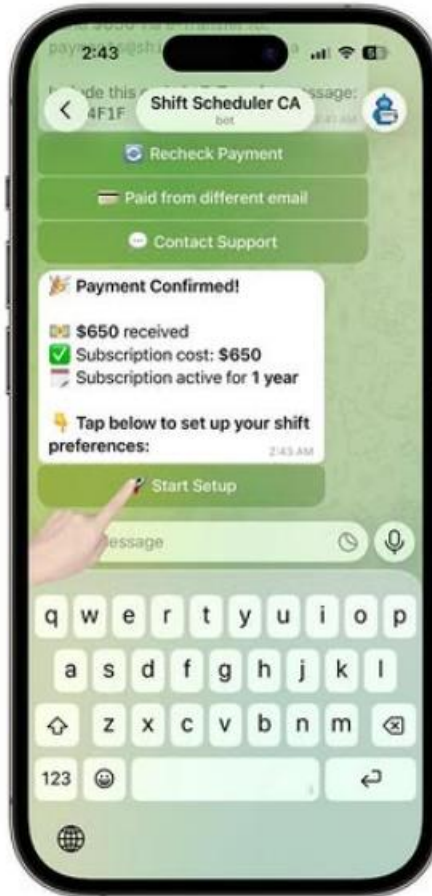

The screenshot shows a text conversation with 'Shift Scheduler CA'. The message received is: 'Send \$650 via e-Transfer to: payments@shiftscheduler.ca. Include this code in E-Transfer message: 7BAB4F1F'. Below the message are three buttons: 'Recheck Payment', 'Paid from different email', and 'Contact Support'. The phone's status bar at the top shows the time as 2:41 PM and the battery level at 65%. The keyboard is visible at the bottom of the screen.

Send \$650 by Interac e-Transfer to payments@shiftscheduler.ca
and Optionally, add the code in the e-Transfer message

7)

ACTIVATION

E-Transfer usually takes about 1 hour.
Once deposited, your account auto-activates
and you'll be notified

8

ONBOARDING

Step 1/7 ●○○○○○

Choose your Availability

Step 6/7 ●●●●●○

Select Warehouse Types

☒ Selected: XL Warehouse, Fulfillment Centre, Delivery Station, Sortation Centre 3:16 AM

☒ Delivery Station

☒ Fulfillment Centre

☒ Sortation Centre

☒ XL Warehouse

☐ Clear All

[Back](#) [Next](#)

Choose Warehouse Types

Step 7/7 ●●●●●●

Select Shift Types

☒ Selected: Part Time, Flex Time, Reduced Time, Full Time

Minimum Shift Hours: 3h 2:49 AM

☒ Flex Time

☒ Part Time

☐ 3h ☐ 7h ☐ 10h

☒ Reduced Time

☒ Full Time

☐ Clear All

[Back](#) [Next](#)

Choose Shift Types

Minimum Hours (Part-time):
If you set to 7h, the bot will ignore
any shift shorter than 7 hours

That's it — your onboarding is complete.
Now, the bot will log in using your account
details and start checking for new shifts

DASHBOARD

- BOT is ON or OFF
- What your bot is doing now
- Only for Part time: Shifts must be at least X hours long
- Based on past data, the % of shifts that match your availability and preferences out of all shifts in your selected location.

This is your dashboard. Here you can see Bot status (what it's doing now), your login details, your preferences, and your match rate

11

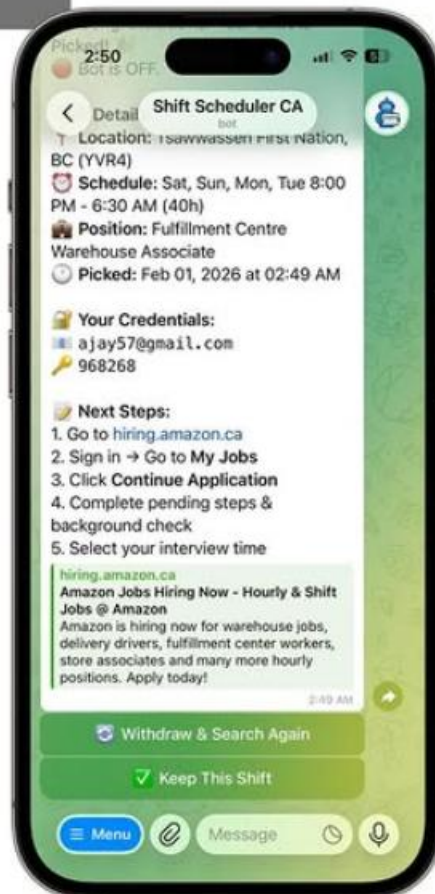

SETTINGS

This is your settings menu. Here you can update your preferences, change your PIN, or contact support

12

CONGRATULATIONS

Congratulations — Shift picked successfully!

Bot completed the basic info and assessment.

Now you have 3 hours to finish the background check, and choose your interview time slot

FAQ

1 How does this bot work?

- Register in the bot using your Amazon Hiring email and PIN.
- Make the payment. It usually confirms in about 1 hour.
- After confirmation, you complete setup and select your preferences (province, city, availability, shift type, warehouse type, etc)
- The bot turns ON and starts scanning for shifts 24/7.
- To stay active, the bot auto-logs in every 2 hours.
- For OTP, you can set auto-forwarding (best). If not, you may need to enter OTP manually when asked.
- When shifts open, the bot picks a matching shift, fill the basic info + assessment, and notifies you on Telegram.
- After that, you have 3 hours to finish background check details (SIN, DOB, address history) and choose your interview slot.

FAQ

2 Why is it more reliable?

- Works 24/7 (no sleep, no missed drops)
- Checks for new shifts instantly (faster than manual refresh)
- Follows your exact preferences (location, time, shift type, etc.)
- Gives you more control: you can pick, drop, and pick a new shift if you don't like the schedule
- One-time payment for 1 year (no paying again and again)
- Unlimited shift pickups during your subscription
- Works while you are busy at work or studying

3 What if it fails to pick shift?

- If the bot is ON and your preferences are set correctly, it won't miss new shift drops from its side.
- It scans 24/7 and reacts in microseconds when a shift appears.
- If hiring is slow, it may take a few days or even weeks.
- Once shifts start coming for your location, the bot will keep trying until it secures a shift that matches your settings.

How to

Setup Email Forwarding

SWIPE <<<

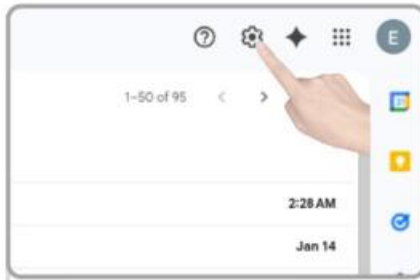

Open Gmail.com on your computer

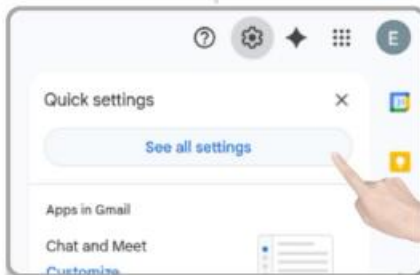

Log in with the same Gmail account that
is linked to your Amazon Hiring Account

2

ACCESS SETTINGS

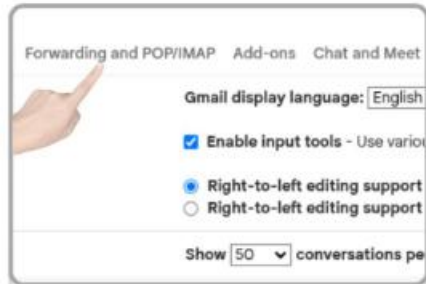

Click on the **Settings** icon (the gear symbol) in the top-right corner of the screen

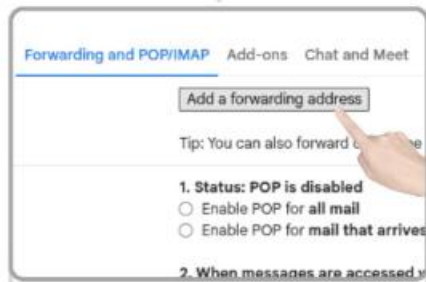

From the menu that appears, click the 'See all settings' button

3

FORWARDING TAB

Select the **Forwarding and POP/IMAP** tab to access email forwarding options

In the 'Forwarding' section, click on Add a forwarding address

4

ADD & PROCEED

Add a forwarding address

Please enter a new forwarding email address:

otp@amazonwarehousejobs.ca

Cancel Next

In the pop-up window, Type
otp@amazonwarehousejobs.ca
and then click **Next**

Confirm forwarding address - Google Chrome

mail-settings.google.com/mail/u/0/?scd=1&mfea=006f41cf145f19fa...

Forwarding mail to otp@amazonwarehousejobs.ca

Proceed Cancel

After the security check, click
the **Proceed** button to authorize
the new forwarding address
